

ABDELMOUHAIMENE ASSILA

SOFTWARE ENGINEER AND
JUNIOR FULL-STACK WEB
DEVELOPER.

PROFIL

Recently graduated in software engineering. I am a passionate full-stack developer with a strong background in designing and developing complete software solutions. My proficiency in programming languages such as JavaScript, Python, and Java enables me to work effectively both on the front-end and back-end. I am also skilled in creating interactive user interfaces and deploying secure web applications. I am constantly staying updated with the latest technologies and quickly adapt to deliver high-quality solutions. My problem-solving abilities make me a versatile and efficient developer.
